Commissioners,

Mr Whittington asked me to provide this for your review.

Eric Whittington to me

Jim,

This email is to remind you I will be out of the country until 4/15/2012 and will not be able to attend the hearing. I would however like to express my views to you and have you express them to the commissioners.

I am not in favor of the order the commission issuing an Order to reimburse the Grafts. As a promissory note holder I chose to exchange my shares into the LLC in attempt to recover our investment. I have had no dealings with the Grafts and find it absurd they would have the ability to be paid out in front of the rest of the investors. They have an unsecured note and should not be placed ahead of the secured membership interest. I have in the past and still support Jim Hartgraves and his efforts to manage and recover our investments.
